

Module 7 Quiz: Digressions

1. The "Found" section of a slot allow us to specify what to say to the user (e.g., thanking them) when they provide a valid reply to the slot.

1 / 1 point

- ☒ True
☐ False

✓ **Correct**

That's right. It can help us improve the user-friendliness of the chatbot.

2. The "Not Found" section of a slot allow us to specify what to say to the user when they provide an invalid reply to the slot (e.g., a reply that doesn't meet the slot condition).

1 / 1 point

- ☒ True
☐ False

✓ **Correct**

Yes! An important feature to guide the user to the information we need, making the slots less annoying in the process.

3. Digressions allows us to decide what the chatbot should do when the user asks a different question instead of replying to the slot question.

1 / 1 point

- ☒ True
☐ False

✓ **Correct**

That's right.

4. Handlers are evaluated after the "Not found" responses you defined in a slot.

1 / 1 point

- ☐ True
☒ False

✓ **Correct**

That's right. Handlers are executed first.

5. We must explicitly enable returns to a slot to continue where we left off before a digression.

1 / 1 point

☒ True

☐ False

✓ **Correct**

That's right.
